Vacancies in the Cadre of Sub Engineers and Overseers that existed prior to 25-2-1944. Re the no. 2341/E dated 26-3-1946 from the Chief Engineer for Lingayath.

P. 1. Joint in their order no. ~~2087~~ PW.5695-5716 dated 25-2-1944 have laid down rules governing the Mysore Public Works Service and a running grade of Rs 60-5-125-10-175 has been sanctioned for Engineering Graduates who are all Surveyors. Before these rules were passed and the ~~other~~ grades of Overseers and Sub Engineers were abolished, certain number of vacancies in the latter two grades prior to 25-2-1944. Proposals for filling up these vacancies have been sanctioned in G.O. no. PW. 731-2/E-1-45-45-7 dated 30-7-1946.

2. Mr. A. Muthiah, Surveyor, who had resigned his appointment in November 1943 is before the issue of the G.O. dated 25-2-1944, is one of those who have been promoted as Overseers. The C.E. reports that by mistake the name of Mr. Muthiah was included ~~by mistake~~ in the list of Surveyors recommended by him for promotion as Overseers. The C.E., therefore, recommends that Mr. S. V. Gopalakrishna, Senior most backward Community Graduate Surveyor may be promoted as Overseer in place of Mr. Muthiah, the initial pay and relative

and the inclusion of his name in the
proposals formulated by the P.E. is now
stated to be due to an oversight.

Mr. S.V. Adipala Setty, B.E., the next
backward Community candidate,

who is due to be promoted instead, is
now proposed to be promoted as Overseer
on Rs 80.5.125 from 15.2.44 (Rs 85 from
15.2.45 and Rs 90 from 15.2.46).

The following modifications were to be
made in the annexure to the G.O.

1) Sl nos. 25, 28, 31, 33, 35, 37, 39,

According to para 4 of Government Order No.P.W.731-2/Est.45-45-7 dated 30-7-1946 the promotions ordered therein were required to be verified with reference to available vacancies. A verification of the vacancies by the Audit Office has not been found possible as necessary particulars called for from the Chief Engineer for Irrigation in this office letter No.215/WAD.IV dated 15-1-1947 and 504/WAD.IV dated 26-2-1947 (copies enclosed) have not been received.

No. The particulars referred to by the Auditors P.W.D. ought to be available in the Scale registers maintained wherein the number (P.W.D. and temporary) of posts is entered with the G.O.'s and additions and alterations are noted from time to time. As each month's bills of the various Divisions are audited, entries are noted against each cadre showing the number of posts actually filled, thereby giving an idea of the number of vacancies, if any, left unfilled. It is only on 25.2.1944 that a revision of the cadres was ordered; and the number of posts in each cadre as existed on the date just previous to it with the number on whose ~~post~~ behalf salary was admitted for that month (December 1944 or January 1945) had been posted in the Scale registers, the particulars now required by the Audit Office could have been easily gathered. As has been noted in another connection (Quarterly pay of Overseers), statistics are wanting on the audit side to verify the figures of the administrative office, which are also not correct to some extent.

and as seen therefrom there were 9 vacancies and promotions were accordingly ordered by Government. These vacancies continued unutilised for a long time and the candidates merged in the Surveyors' cadre on Rs 60.5-125-10-175. The arrears bills presented on their behalf but returned unauthorised by the Auditor, may be authorised to be admitted in audit and passed for payment on the strength of the allocation statement furnished by the C.E. 15. The promotion of 37 Graduate Surveyors to Overseers cadre against old vacancies, it may be mentioned that two further sets of promotions have already been made by the C.E. in the non-graduate cadre ^{from} subsequent dates and they have been admitted on their salaries as Overseers, are being passed in the several Offices. In view of this, whether the earlier set of arrangement, viz promotion of 37 graduates as Overseers, may not be admitted on the basis of the statistics of the administrative office, the claims ^{over and} settled and long pending case closed once for all is for consideration.

2. It is not quite correct to state that the Audit Office has not maintained the records which they ought to have done and that they are not therefore able to verify the figures furnished by the Departments or to assist the Department. In spite of serious shortages of staff, the Audit Office has kept the necessary records and it is with these records that the verification was done and a report of differences noticed was made to Government and to the Chief Engineer in this office U.O.No.577 dated 16-4-1947 and the other letters referred to therein and in U.O.No.508/W.4 dated 24/26-3-47.

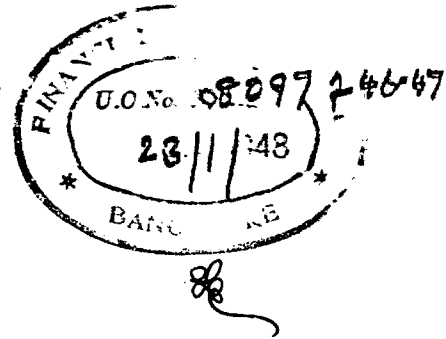

3. It was also ordered by the Public Works Secretary in his letter No.PW.8139-1/Est.39-46-3 dated 31-5-1947 addressed to the Chief Engineer for Irrigation that he may, in consultation with the Auditor, P.W.D. submit a joint report for orders of Government and that the question of filling up the vacancies in the Overseers' cadre may, in the meanwhile, be deferred. As the vacancies relate to the years 1944 and 1945, and to a large number of officials the verification by the Department and the Audit office has been naturally very difficult entailing some correspondence. It is desirable that Government issue necessary instructions to avoid postponement of promotions to officials for a number of years.

4. A copy of the joint report of the Chief Engineer and Auditor, P.W.D. has been since sent to the Secretary to Government, P.W.D. ~~has been since sent to the Secretary to Government, P.W.D.~~ ~~sent to the Secretary to Government, P.W.D.~~ by the Chief Engineer with his letter No.4558 dated 11-12-1947 on which orders of Government are awaited.

in this connection has to be reported to Government

by the Chief Engineer and the source for meeting the expenditure during the current year pointed out.

As pointed out in the Financial Secretary's note dated 30-6-1946 in the file, the officers who are promoted in the Government Order of 30-7-1946 as Sub Engineers and Overseers have not actually taken charge of the higher posts and discharged the duties. I beg to bring the following few lines for your kind consideration and favourable action in the matter.

At present I am working as a Lecturer in Engineering School, Bangalore with the lean as a Surveyor in the Public Works Department. In the year 1944, among the list of Surveyors promoted to Overseer cadre, one by name Sri Muthaiah has been included though he had resigned from service long back. If his name had not been included in that list, I would have been promoted to Overseer cadre, myself being the next man waiting for the promotion.

Several times, I brought this to the notice of the Chief Engineering and I understand that the Chief Engineer has written to the Government to effect the correction. Therefore, I humbly request you kindly to promote me as an Overseer and enable me to draw the difference of salary. I shall be highly grateful to you Sir. for this act of kindness.

I beg to remain,

Reference is requested to paras 3 to 5 of the note (Reg A) in the file put up. This is only a correction to the G.O. of 30.7.46 (P.W. 731-2/46. 45-4, 5-7) issued, ordering the provision of certain engineers' graduates as Sub Engineers and Overseers against vacancies that existed in 1943.

the year 1943, there were some vacancies in the cadre of Overseers and proposals were submitted to fill up those vacancies and Govt. sanctioned the same on 30.7.1946. In the list of names proposed for promotion, one by name Sri: Muthaiah who had resigned, had been included perhaps by oversight. If his name had not been included, Sri: S.V. Gopalaswamy, the next senior Surveyor would have been proposed for promotion in that list. The inclusion of his name ^{now} is only making up for the omission done by oversight and that does not require further verification. Even this small matter has been dragged on for a period more than the normal and the proposal as noted in para 3A Supra of the notes may be accepted.

Vacancies of Sub Engineers and Overseers existed prior to 25th February 1944.

I have the honour to state that in Government Order No. P.W. 31-2/Est. 45-45-7 dated 30-7-1946, the initial pay and relative rank of 47 Graduate Surveyors were fixed corresponding to the minimum pay of Sub Engineers and Overseers against the vacancies existed prior to 25th February 1944. Due to clerical error, the name of Mr. A. Muthiah, Surveyor who had resigned the appointment in November 1943 long before the issue of Government Order dated 25th February 1944 was included in the list forwarded in this office letter No. C. 178 dated 2-11-1945 based on which initial pay and relative rank of this subordinate was fixed corresponding to the minimum pay of the Overseer. As the Surveyor was not in service when the Government Order dated 25-2-1944 was issued, he is not eligible for the concession contemplated in Government Order under reference. The senior-most backward community Graduate Surveyor who was eligible for promotion as Overseer was Mr. S. V. Gopala Setty, Surveyor. I therefore request that sanction of Government to fix the initial pay and relative rank of Mr. S. V. Gopala Setty, Surveyor corresponding to the minimum pay of the Overseer in place of Mr. A. Muthiah, Surveyor may kindly be obtained and communicated.
